Happy Spring!

-Our office will be closed Friday, April 7, 2023 in observance of Good Friday. We will reopen at the normal time on Monday April 10,2023.

Earth day was created to help bring awareness and support for environmental protection around the world. Arbor Day is another popular observance to help the environment by encouraging individuals to plant trees and other plants in an effort to take care of our environment. Taking care of the earth by cleaning it up is a great way to spend Earth Day. You can choose a local area, such as a beach, park, or a block close to your home or your children's school, and clean it up as best you can.

*"If we had no winter,
the spring would not be so pleasant;
if we did not sometimes taste of adversity,
prosperity would not be so welcome.*
