FIRE SAFETY WEEK IS CELEBRATED OCT 8th THRU OCT 14TH 2023.

This year's Fire Prevention Week™ (FPW™) campaign, "Cooking safety starts with YOU. Pay attention to fire prevention™," works to educate everyone about simple but important actions they can take to keep themselves and those around them safe when cooking.

Did you know that cooking equipment is the leading cause of home fires per the one stop data shop at www.nfpa.org.

"Cook with Caution" • Be on alert! If you are sleepy or have consumed alcohol don't use the stove or stovetop. • Stay in the kitchen while you are frying, boiling, grilling, or broiling food. If you leave the kitchen for even a short period of time, turn off the stove. • If you are simmering, baking, or roasting food, check it regularly, remain in the home while food is cooking, and use a timer to remind you that you are cooking. • Keep anything that can catch fire — oven mitts, wooden utensils, food packaging, towels or curtains — away from your stovetop.

We ask that everyone to be aware of your surroundings, make sure you stand by your stove when cooking and that you turn off all burners when done. Never leave a candle burning unattended. For more safety tips or to have a discussion about this please feel free to stop by my office.
